

THE TB SAMPLE REFERRAL SYSTEM (TSRS) TRAINING

Module 10

Field visits

xXth -xXth MONTH YEAR

NAME OF PRESENTER

OUTLINE

- Visit to peripheral laboratory
- Visit to a hub
- Visit to central laboratory

Assessment

1. Which two practical key aspects did you learn during the field visit basing on each of the nine modules covered earlier?

summary

- All stake holders are important in the efficient function of a TB referral system
- Implementation is the true first step in learning
