FACILITATOR GUIDE

THE TB SAMPLE REFERAL SYSTEM (TSRS) TRAINING

MODULE 8

TSRS documentation: Areas to be Addressed By Sample Referral document, Specimen referral guidelines/handbook and Examples of sample referral documents.

Part 8.0: TSRS documentation: Areas to be addressed by Sample Referral document, Specimen referral guidelines/handbook and Examples of sample referral documents.

.

OBJECTIVE: To have an understanding of the importance of documentation in TSRS, the key documents and contents in TSRS.

MATERIALS:
1. Handouts,
2. Slides
3. Computer
4. Over head projector
5. Flip chart
6. Markers and pens
7. Note books

TIMELINE: 45 Minutes

METHODOLOGY:
1. Lecture
2. Discussion
3. Practical session on completing the laboratory request forms

ADVANCE PREPARATION:
1. Printing of handouts,
2. Familiarize oneself with sample labeling and completing lab request form
3. Assessment/group exercise

FACILITATORS STEP-BY STEP INSTRUCTIONS:
1. Welcome and Introduction
2. Present module overview
3. Ask question about module expectations
4. Start the presentation
5. Assessment/group exercise
6. Recap presentation using discussion questions
7. Ask if there is any question.
8. Distribute handouts

FACILITATORS NOTES
1. Take critical understanding of Areas to be addressed by Sample Referral document, Specimen referral guidelines/handbook and Examples of sample referral documents.

2. This session requires direct engagement with participation from the class.

SLIDE OF POWERPOINT PRESENTATION

Introduction to Tuberculosis Specimen Referral System Course

March 9th -20th 2020

Uganda Supranational Reference Laboratory
